REF: SECSTATE 180512

Classified By: Dep PolEconCouns EMassinga, Reasons 1.4 (b,d)

[1](#)1. (S) On November 8, Econ Chief delivered talking points in reftel to Ambassador Bernard TANOI BOUTCHOUE, Director of United Nations and Specialized Institutions Affairs at the Ministry of Foreign Affairs.

[1](#)2. (S) TANOI indicated that Cote d'Ivoire takes its UN obligations seriously and opposes the proliferation of weapons of mass destruction, and would certainly refrain from engaging in commerce with KOMID or its subsidiaries. TANOI also estimated that the chances of KOMID equipment, businessmen or other economic ties being present in Cote d'Ivoire were remote. However, he promised the government would work with its international partners, including the U.S., on this serious concern.
